1/ Presentation of the airport capacities for the W18 season

The designated capacities of the Prague Ruzyně Airport for the winter season W18 were presented by Mr. T. Vlášil. Without comments.

The specified hourly capacities, including detailed capacitive analysis, are given in the attached files sent together with the minutes of the meeting and are available in English on the WEB of Slot Coordination Czech Republic (www.slot-czech.cz).

2/ Important dates for the W18 season

- 17.5. Initial Submission Deadline - slot requests (SCR) for Winter Season W18
- 7.6. SAL (Slot Initial Allocation List message) Deadline – information about allocated slots
- 19. - 21.6. IATA Slot Conference
- 15.8. Slot Return Deadline – airlines must return series of slot that they do not intend to operate
- 28.10. Start of W18 Season

3/ AOB

T. Vlášil – CUSS kiosks are prepared for upgrade (bag-tag printer), depends on the airline. Currently available for American Airlines only

J. Nagy – query about the state of the automatic gate scanning gates for arriving baggage

T. Vlášil – Prague Airport in co-operation with CSAH tested the success of a possible solution (92-95%), but awaits the development of the situation with the executive

The next regular meetings of the Coordination Committee will take place in September 2018 (in connection with the announcement of operational capacities for the S19 season).
